## TAFT TO MEET THE KAISER

Will Call on Him at Isle of Wight

ALSO TO SEE FALLIERES

Secretary Is To Leave Manila Today—Smith Urges Sending of a Filipino Representative to Congress.

Berlin, Nov. 9.—Kaiser William will see Secretary Taft at Osborne House, Isle of Wight, during his majesty's visit to England. A message conveying this wish was sent through the German embassy at Washington. It is regarded as likely that Mr. Taft will also seek an audience of King Edward, as otherwise it might appear to be too much of a demonstration for the American statesman to visit the German emperor on British soil without paying equivalent respect to the king. So much has been said about Mr. Taft planning to see the emperor that some of the other governments have seemingly become curious in regard to whether anything is intended by the step taken by the American government. Ambassador Bryce and Ambassador Josselyn, it is asserted here, have already made inquiries on the subject at the state department, Washington, and it is further asserted that there is a feeling at the foreign offices of London and Paris that Mr. Taft would be neglecting King Edward and President Fallieres if he did not ask to see them on his way home, or if he stopped only at St. Petersburg and Berlin while on his way back to the United States.

Later in the day the statement that Emperor William would receive Mr. Taft at Osborne House, Isle of Wight, was pronounced to be an error, but the report that his majesty will receive the American secretary on the Isle of Wight was confirmed. The Americans in Berlin hope Mr. Taft will stop here long enough to accept various courtesies which are being prepared in his honor.

Washington, Nov. 9.—Cable advices received at the war department yesterday confirm the dispatches from Manila of Secretary Taft's intention to return to the United States by way of Asia and Europe. Secretary Taft will leave Manila today on the Japanese liner Admiral Hasegawa's squadron for Vladivostok. The following cablegrams were received yesterday from Brigadier-General Edwards, who is accompanying Mr. Taft:

"Manila.—Will take advantage of the fall cruise Hasegawa's squadron to go on his ship to Vladivostok tomorrow. One of the cruisers accompanying will run into Nagasaki to get any cables that may come."

"Manila.—We leave as contemplated. Ten (o'clock) Rainbow Saturday morning for Vladivostok. Advices from there reassuring as to conditions."

## 1 KILLED 6 BADLY HURT IN CHICAGO FIRE.

Most of the Inmates Carried Down Ladders to Street.

Chicago, Nov. 9.—One person was burned to death and six others were severely injured in a fire which destroyed a three-story building at 309 West Fourteenth street early yesterday. Two policemen, Egan and Miller, carried out more than a dozen children, and were finally overcome by smoke.

The fire, the cause of which has not yet been learned, started on the first floor of the building and spread rapidly that none of the occupants had an opportunity to escape through the halls. Most of the inmates of the second and third floors were carried down ladders.

Mrs. H. Caplin, who gave birth to a child yesterday, was nearly overcome by the smoke, but was prevented from leaping to the street by Benjamin Levi, who carried her down. He himself was severely injured.

## BLESSING TO MANY PEOPLE

Prescription Highly Recommended for Elderly Folks.

RELIEVES WEAK KIDNEYS

Gives This Simple, Home-made Remedy and Tells How to Prepare It, if You Have Urinary or Bladder Trouble or Rheumatism.

This is a message that will bring happiness again into many families and sunshine into the lives of hundreds of disheartened and discouraged men and women here. It requires just a little inconvenience, for it can't be bought already prepared. It is a simple home recipe now being made known in all the larger cities through the newspapers. It is intended to check the many cases of rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weaklings of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce, and Compound Syrup of Sarsaparilla three ounces. Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments, even in severe hospital cases, prove this simple mixture the remedy for rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It compels these vital organs to filter from the blood and excrete the waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes quickly such symptoms as backache, blood disorders, bladder weakness, frequent urination, painful, scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure, puts new life into them and invigorates the entire tract. It makes the kidneys clean the blood. The dandelion will take care of liver trouble and constipation, and is fine for the stomach.

All the ingredients, states a well-known local druggist, are of vegetable extraction, making it a safe and harmless prescription at any time. Those who suffer and are accustomed to purchase a bottle of patent medicine should not let a little inconvenience interfere with making up this prescription. Wherever this becomes generally known, states a large eastern publication, it ruins the sale of the patent medicines and so-called rheumatism and kidney cures, which is its best endorsement of virtue.

## PUSH LAND FRAUD CASES.

The President Trusts This Will Be Done.

Washington, Nov. 9.—The following self-explanatory letter, addressed jointly to the Attorney General and Secretary of the Interior, under date of Nov. 5, was made public at the White House yesterday.

My attention has been called to the despatches in reference to the murder of Secret Service Agent Walker, while in the performance of his duty investigating certain coal land frauds in Colorado. I trust every effort will be exerted by your department to prosecute vigorously every violation of the land laws which Walker was investigating. (Signed) Theodore Roosevelt.

## Drinking Men Not Wanted

The above sign is now seen in many shops and offices in this city, because drinking men are unreliable.

Competition is too keen and life is too strenuous for an employer to keep men on his payroll whose nerves are unsteady and whose brains are not clear.

Every line of business is beginning to close its doors to drinking men. Drunkenness is a disease and like most diseases, has its remedy. Orlene is the reliable treatment and is sold under a positive guarantee to effect a cure or your money will be refunded. ## SANTA FE'S FINE AN OUTRAGE SAYS DIRECTOR

"Shipper Sent Less Than Minimum Agreed on, Hence Return of Freight"—Will Appeal \$330,000 Penalty.

Los Angeles, Nov. 9.—"This entire case is an outrage," said one of the directors of the Atchafalaya, Topeka & Santa Fe Railroad company, which has been fined \$330,000 for rebating by Judge Wellbourn of the United States district court.

"The matter will certainly be appealed," continued the director. "The case, in a nutshell, is this: A man in a remote section of Arizona asked us to move a rate on line shipments to Los Angeles. As it was a long haul and the rate was low, we stipulated that the rate minimum carload could consist of 40,000 pounds.

"The shipper at times did not send the minimum load, and many of his carloads on arrival at Los Angeles showed only 35,000 pounds. The man said he could not help having sent an insufficient amount, owing to the absence of track scales, and asked that in such instances he be charged only for the amount sent. The company was found guilty by a jury on 66 counts after an hour's deliberation.

"The rebates, ranged in amount from 35 cents to \$15. The company asserts that these amounts were not regular rebates, but were sums returned in the form of damages on goods which were shipped.

In the written opinion which Judge Wellbourn read in court he said: "I am satisfied that the evidence shows that the concessions were intentionally and systematically made, and it is hard to believe that the defendant did not know that they were unlawful departures from the established tariff. At all events, ignorance of the law would imply a degree of negligence well nigh equivalent to guilty knowledge."

Immediately after the fine was announced, W. E. Camp, solicitor for the company, moved a stay of judgment. Judge Wellbourn fixed the stay at 30 days with the privilege of an extension if a sufficient showing should be made at that time.

## WANT ALL MONEYS ACCOUNTED FOR

Judge Grosscup of Chicago and Others Haled Into Court—Fraud Is Charged.

Mattoon, Ill., Nov. 9.—Acting on behalf of three clients who are seeking damages for injuries received in the Interurban wreck of Aug. 30, Atty. L. Chezem filed in the circuit court yesterday an intervening petition designed to show that the \$1,000,000 mortgage executed by the Mattoon City Railway company Jan. 2, 1906, and held in trust by the American Trust & Savings bank of Chicago in fraudulent and void and was executed for the purpose of defrauding the holders of the common stock of the company and its creditors, especially any who might arise as the result of wrecks or accidents on the road. The petition also will allege that a mortgage for \$320,000 executed by the Mattoon City Railway company Jan. 2, 1906, is fraudulent and void.

Atty. Chezem asks that summons be issued for the officials of these two banks and for federal Judge Peter S. Grosscup, Marshall Sampson, A. W. Underwood, F. S. Peabody, E. A. Potter, officers of the Illinois Central Traction company, Mattoon City Railroad company, The Mattoon Heat, Light & Power company and 15 others. The petition asks that these men and corporations be required to appear in court and give an accounting of all moneys received by them and that the two mortgages be nullified and the Mattoon City railroad declared solvent.

## WIRELESS SYSTEM BOON TO ALASKA.

Fairbanks and Circle City in a New Scheme for Linking Them With Outside.

Washington, D. C., Nov. 9.—The new wireless telegraph stations at Fairbanks and Circle City, Alaska, are ready for operation. The stations are 140 miles apart, and are designed to have a radius of 250 miles.

Plans have been adopted for stations at various points from Nome to Cape Flattery, and before a year has elapsed the signal corps expects to have in operation wireless connections from Behring straight to Puget sound.

This is intended to supplement the Valdez-Sitka cable and the land telegraph lines which in the severe season are difficult to keep in working order. These stations have demonstrated that the wireless system for Alaska is far more feasible for the transaction of commercial business than are the land lines.

**BANKERS ARE IN DANGER**

No Decision Yet, But May Be Trouble Ahead for Someone—Former Management of Mercantile Being Investigated.

New York, Nov. 9.—Reports that criminal prosecutions as a result of conditions disclosed by the present banking situation in this city, are imminent, gained wide circulation in financial circles yesterday.

It was said that representatives of the tax controller of the currency who have thoroughly investigated the affairs of two national banks which have been prominently mentioned in connection with the present trouble, found conditions which led them to make unusually minute reports to their superior. Just what the nature of the reports was has not been disclosed.

United States District Attorney Simmons, the government prosecuting official for this district, said that no decision had yet been reached to prosecute anyone in connection with the recent bank troubles. He said also that any such decision would be made here, and not at Washington.
